Revised Phase III EPA TSCA Comments revised 10.3.2017 (catri kt responses to DL comments) (002).doc

I did change one more thing. Rather than refer to the letter we sent to MassDEP, I refer instead only to the comments; I don't think we need to send AVX the cover letter...just the comments. Kim, you will have to print out the comments separately from the letter and rescan them as a pdf.

As to timing, I have also drafted a letter to AVX which I'm about to send around for internal comments. I'd like that letter to AVX to go out before the TSCA comments so that we have a chance to introduce the concept of the interim cap first before AVX reads about it in Kim's comments.

Dave/Cindy:

I didn't see anything that changed/added in this last version. Cindy, any last thoughts? If not, I will run this by Ginny.
